

WHO Background Check Protocol

-Background checks are done on all volunteers, guests and staff who work with the WHO program. Our aim is to make the shelter a safe place for everyone.

-Background checks are only needed for people over the age of 18.

-Confidentiality forms need to be signed each year by all volunteers.

How often for background checks?

We request that background checks be completed according to the following parameters:

1. Follow your own faith communities/organization's protocol for background checks that you have developed for those working with children.

OR

2. If your faith community/organization does not have a protocol for background checks we ask that a background check be completed on all volunteers every 2 years. This can be done by your organization or the WHO coordinator can run these.

If something comes up on a background check?

If something on a background check is of concern to you or if you have any questions about background checks please contact the WHO coordinator to discuss.
